Dear Brown

Yours of the 7 with Mr Muir's letter enclosed came this A.M. I return you his letter as requested. I hardly know what to say to you about it, but I think I can hold it off till Fall. if he cannot pay up all the interest and what has been paid out for taxes and other expenses. I think it will be satisfactory that would bring it down to the original principal. I believe without having the figure at hand. it was about \$6700. so you can see about what he will have to pay. but I am going to leave here not later than September the 15th of this month. you can write me before that here otherwise write me at Chloride, Sierra County New Mexico. let Muir know my address. I will be there until September 1st and perhaps until the 15th. I will do the best for you as you well know but I want you to send Seabee that \$40⁰⁰ as soon as you can I will speak to him about it and think

for your success and a better time accom-
panying for all of us. I will leave for awhile
for the mountains of New Mexico.
